CARING FOR YOUR HEX LIVING PRODUCT

Your **HEX Living** product is designed to stand the test of time, which is why we're happy to offer a lifetime warranty on our products. With zero maintenance required, simply assemble your HEX Living product and enjoy putting it to great use in your garden.

- Periodically, you might want to give your product a clean, these simple care tips are not essential to the performance of your product:
- Remove surface dirt with plain water using a jet wash or sponge, the coating on our products will ensure dirt or mud simply wipes away.
- Periodically clear the pergola's louvers and clever rainwater drainage system of fallen leaves.

WARNINGS AND ADVISORIES

To install this pergola technical knowledge is necessary. Do not mount this pergola yourself but contact a professional workman for help if you do not have necessary technical knowledge, or unable understand the assembly manual.

Do not try to install the pergola alone. If the pergola falls, it could cause serious injuries and damages!

Select a dry and calm day for your assembly, do not try to install the pergola in windy conditions!

- Please read the manual carefully before assembling, (we recommend keeping the manual for future use).

We advise a flat hard floor surface, preparing suitable area for assembly. If the floor shows any sign of cracks, consult a professional.

- Place all parts out carefully, ideally on a soft surface to protect parts from getting damaged.
- Please check part quantities before assembling, contact customer service if any parts are missing or damaged.

When the louvers are closed, we strongly advise you stop turning the handle immediately to avoid damage to internal components and metal parts. (Please note: failing to do so could affect future warranty claims on moving parts).

Always keep the pergola louvers open and side screens up during heavy winds or extreme weather conditions to avoid damage to the pergola.

Allowing people to climb onto the pergola or hanging anything from this product will affect your warranty!
